

FOOLS GOLD

A PUBLICATION FOR FOOLS BY FOOLS

Fools Gold Publications: News for the Clampers of the Great Northwest

We saw the need for a newsletter, to keep everyone up on current Clamper goin' on's, and keep brothers who are unable to attend meetings informed of the good, the bad, and the ugly. Hopefully by connecting with the brethren this way we can all stay better informed and help promote the growth of the Ancient and Honorable Order of E Clampus Vitus®!

Doc's 9th Candlelight Initiation

A few week ago we had our Candlelight Doins. I think everyone had a great time. The Wilkeson Eagles were kind enough once again to allow us the use of their historic hall. We had quite a few PBC's which is a great thing. Our Hangman Tinkerbelle and his Vigilantes did a great job providing us with our by yearly dose of entertainment. After HOCO everyone gorged on beef and the fixins. Again this year our "Forkin Cook" Pickles did a bang up job with Doc Maynard's famous mad cow slabs. After Dinner we had drinks and cleaned up the grounds. Then everyone was invited down the Hoofers place for the Night.

Thanks to Hoofers and his Widder for hosting everyone. We all had a great time at your place. A few of us had to great a time. Trifecta and I pranked Gordo so good he gave up his oldest and most prized pin to Trifecta.

See you all in a few hours at the meeting guys. Sorry about having to change last months and this months meeting. Last month the Eagles had stuff going on. This month all the officers will be a Grand Council on the regular meeting night.

LETTER FROM THE EDITURD: CHUNKY TUNA

Well, most of you probably realized this months issue was running a little late, but we just had too much good info to get to you! Plus with Buttershits and I going to 3 Doin's in 3 weekends in 3 different states, it's been a little busy. We racked up over 2000 miles in 3 weekends bit it was well worth it!

JOKE OF THE MONTH

A retired man went into the Job Center in Downtown Denver and saw a card, advertising for a Gynecologist's Assistant. Interested, he went in and asked the clerk for details. The clerk pulled up the file and read; "The job entails getting the ladies ready for the gynecologist. You have to help the women out of their underwear, lay them down and carefully wash their private regions, then apply shaving foam and gently shave off the hair, then rub in soothing oils so they're ready for the gynecologist's examination. The annual salary is \$65,000, and you'll have to go to Billings, Montana." "Good grief, is that where the job is?"

"No sir...that's where the end of the line is right now."

Clamper Down — IRJR

Most of you know IRJR and what he has done for Clamperdom with his Sandbox message board, ECV Gazette and Post Office. He was not only Clamper of the Year awhile back, but put in thousands of hours of his time to give ECV the benefit to communicate over the net with ease. His Widder, Sally now has a major problem and is in need of a liver. She has been accepted and is now on the waiting list at an SF hospital. But, their medical expenses are tremendous and are in need of our help. JR and Sally's daughter, Brandi, has set up a web site for whoever may wish to donate. Even just a few dollars will help this fine couple out in their time of need! I ask that all of us in ECV, possibly give just a few bucks or more to help this family that has been a service to us since 1997! Sally has been a strong supporter of ECV and JR's efforts to get Cyber Whang where it's at today. She was also there for all of JR's medical needs during his bout with cancer. I know her well and have never come across a better Widder. This couple has helped us out, now let's help them in return. Go to the url below and either donate thru Pay Pal or click on contact us for more:

Clamper Down — Buzzard

Brothers, Louie has been keeping updates on Buzzard's condition on her blog, <http://louie27.blogspot.com/>. For those who don't know, Buzzard was diagnosed with Cancer and needed surgery to remove tumors. She also update's some on Facebook, so if your on Fecebook, search for Louie Shellenberger. Feathers has also been keeping us up to date on Buzzards condition! Buzzard came through the surgery well, very strong and stable. The first two or three days were hard: he was frustrated with not being able to talk, swollen, disoriented, and had way too many tubes and wires attached! But he has come a long way, and almost everything has been detached, he's in his own clothes (and hat), walking with the walker, talking a bit, although his tongue and mouth are still swollen. So although there's still a ways to go, everything has been going really well!
