Another Sept. Doins has come and gone and another class of pbc's. I do have to say I did not think they were going to make it but at the salmon run they all proved me wrong. I think that these are going to be a great asset to the group. Those of you who were unable to make it I think that it was one of the best doins that we have had up here. It was awesome to see buzzard having a good time for a change and since we wouldn't let him work he had no choice. The food was great so thank you to the cooking staff who also kicked Buzzard out, I do have to say that was funny though poor buzzard looked like a lost puppy with out a job for about 30 seconds tell he found some-

## LITTLE KNOWN TIDBIT OF NAVAL HISTORY...

Ho Ho Ho and a thousand barrels of rum'

The U. S. S. Constitution (Old Ironsides), as a combat vessel, carried 48,600 gallons of fresh water for her crew of 475 officers and men. This was sufficient to last six months of sustained operations at sea. She carried no evaporators (i.e. fresh water distillers).

However, let it be noted that according to her ship's log, "On July 27, 1798, the U.S.S. Constitution sailed from Boston with a full complement of 475 officers and men, 48,600 gallons of fresh water, 7,400 cannon shot, 11,600 pounds of black powder and 79,400 gallons of

rum."

Her mission: "To destroy and harass English shipping."

Making Jamaica on 6 October, she took on 826 pounds of flour and 68,300 gallons of rum.

Then she headed for the Azores , arriving there 12 November. She provisioned with 550 pounds of beef and 64,300 gallons of Portuguese wine.

On 18 November, she set sail for England . In the ensuing days she defeated five British men-of-war and captured and scuttled 12 English merchant ships, salvaging only the rum aboard each.

By 26 January, her powder and shot were exhausted. Nevertheless, although unarmed she made a night raid up the Firth of Clyde in Scotland . Her landing party captured a whisky distillery and transferred 40,000 gallons of single malt Scotch aboard by dawn. Then she headed home.

The U. S. S. Constitution arrived in Boston on 20 February 1799, with no cannon shot, no food, no powder, no rum, no wine, no whisky, and 38,600 gallons of water.

Now, that's tax money well spent

## JOKE OF THE MONTH

A man and his ever-nagging wife went on vacation to Jerusalem. While there the wife died. The undertaker told the husband . "You can have her shipped home for \$5000 or bury her here in the Holy Land for \$150."

The man thought about it and told him he would just have her shipped home. The undertaker asked, "Why would you spend \$5000 to ship her home when it would be wonderful; to be buried here and you would spend only \$150?"

The man replied, "Long ago a man died and was buried here, and three days later he rose from the dead. I just can't take that chance."
